Carrer Objective

I am an ambitious professional seeking a stimulating and challenging role in a reputable organization, where I can leverage my skills and experience to contribute to the company's growth and success. I am passionate about staying up-to-date with the latest emerging trends and technologies, and I am eager to continue expanding my knowledge while making meaningful contributions to my team and the organization as a whole.

Education

Bachelor of Technology 2017-2021
Birla Institute of Technology "Mesra"
CGPA: 7.2

Ranchi, India

Work Experience

Phablecare   **Frontend Developer** Jan 2023 - Apr 2023

Vodafone Intelligent Solutions   **Senior Executive** Aug 2021 - Jan 2023

Proficient in SQL and adept at managing environment refreshes with the latest production code after CRQ in Test Environments. Well-versed in Mediation Zone and possesses a strong understanding of Kenan fundamentals for intricate technical environments.

Roles & Responsibilities:

- Accountable for performing code refresh in Test Environments with the latest production baseline, ensuring alignment with production.
- Proficient in deployment, code refresh, and conducting sanity checks.
- Responsible for patch deployment in Mediation Zone platform.
- Skilled in using SQL DB for data validation.
- Coordinated with development team for defect verification.
- Identified risks and raised them proactively to ensure superior quality.
- Focused on meeting deadlines and prioritizing workload to ensure timely delivery.

Strengths

- **Technical Proficiency**: Skilled in code refresh, deployment, linux, mySQL and sanity checks in Test Environments, ensuring alignment with production.
- **Database Expertise**: Proficient in using SQL for data validation, particularly in validating tasks deployed in the Mediation Zone platform.
- **Proactive Problem-Solving**: Proactively identified and addressed risks, ensuring superior quality in the deployment process.
- **Effective Collaboration**: Coordinated seamlessly with the development team for defect verification, contributing to a streamlined workflow.
- **Deadline Focus**: Prioritized workload effectively, ensuring timely delivery of tasks and meeting project deadlines.

Skills

- SQL Proficiency: Excel in SQL database management, adept at handling data querying and manipulation for critical business processes and analytical insights.
- Automation with React and JavaScript: Skilled in developing efficient automation scripts using React and JavaScript, streamlining system and application tasks to enhance productivity and minimize manual errors.
- Extensive experience in deploying and running enterprise applications on various platforms, including Azure.
- VB Scripting: Proficient in VB Script for automating administrative tasks, system configurations, and software installations, ensuring seamless operations and minimizing downtime.

Tools

SQL Developer, Mediation Zone, Web logic, Kenan FX, Apache tomcat, Web Sphere, Azure Devops, Putty
